Alkalami - Documentation

Thank you for your interest in the Alkalami font. Alkalami supports the characters known to be used by languages written with the Kano style of Arabic script, but may not have the characters needed for other languages.

This documentation is a set of HTML pages that can be viewed in any modern web browser. PDF versions of these pages are also provided. This content, plus download links and a contact form, are available from the Alkalami site.

- About Information about this project and SIL International
- Resources Help with installation and use
- FAQ Common guestions and answers
- Design History and background of the design
- Character set support Details of Unicode characters that are supported
